The principal notified members of the new requirement for issuance of school bus NTSA. After discussion members agreed to authorize Florence Mutuse ID.NO 13616548 to use her documents in order to acquire the TLB License for our school bus KBG 836C.

MIN.BOM/5/25/02/2023 – CONSTRUCTION OF NEW CLASS ROOM.

Members were informed of the need to put up a new classroom to accommodate form ones who were studying in the Chemistry lab. The principal reported that the above situation was brought up by the failure of SEQUIP project contractor failing to complete the laboratory and classroom projects awarded by the government.

After deliberations the members of board approved the construction of one classroom. It was agreed that the money shall be obtained from the development account and that the works should be on labour contract. A budget of one million was approved and that BQ
